Worth Millions to the Human Fam-ily-Celery as a Cure. The habitual daily use of this vegetable is

much more beneficial to man than most people lmagine. The writer, who is familiar with its virtues, is acquainted with many men and women who from various causes have become so much affected by nervousness that when they stretched out their hands they shook like

they stretched out their hands they shook like aspen leaves, but by a moderate use of celery they became as strong in nerve as other people. We have known others to be cured of palpitation of the heart. To this we may add that we received of Dr. Henney, of Portland. Oregon, a bottle of "Celery, Beef and Iron." By close analysis we state the preparation called Celery, Beef and Iron is what it is represented to be, absolutely pure, and every one engaged in labor weakening to the nerves should use "Celery, Beef and Iron." We find also according to the formula received, each bottle is composed of Liebig's extract of beef, extract of celery, and pyrophosphate of iron with condensed wine. These combined we pronounce the best known remedy for any disorder of the nerves, even of birds, we give celery, how much better will it subserve the wants of the human family?—Prf. B. H. [LAST NIGHT'S DISPATCHES TO THE RECORD-UNION. CALIFORNIA.

A Storm that Was Not Wanted. TRUCKEE, April 27th.—The snow-storm hat began in squalls yesterday has set in for a regular nor easter. About two feet has already fallen, and it is coming down harder than ever. With the snow already on the mountains, this storm will do great damage to the lumbering interests of this section. The season is already late, and the past week has filled the sawmill men with hopes that the winter was over. Nearly all the mills were ready to start, and the coming week would have seen them all in operation. The present storm will delay them again at least ten days. No trouble is anticipated on the railroad, as the Central Pacific has ample means at hand to get the snow from the track. The plows are in readiness, and all heads of departments on the alert. I objected to this kind of treatment, and commenced using your Chronic Ulcer Salve and Blood Remedy, which effected a permanent cure in forty days. At the commencement of treatment with your remedies, I was unable to perform more than two days' work in each week, and it was with great difficulty that I could get up and down stairs. After four weeks of treatment I was able to work all the time. I am now entirely cured of my fever sores and regaining my health and strength daily. The lower part of my leg, between the knee and foot, was completely honeycombed by these sores. It is but a faint expression of gratitude that I herewith bear testimony to the efficiency of your most invaluable Chronic Ulcer Salve and Blood Remedy. Your remedies are an inestimable gift to the human race, and stamp you at once as the Good Samaritan of the present age. Gratefully yours, WM. S. DOAN.

Heath, now 66 years of age, who came to California about 33 years ago, but has not written home for 23 years. Some one told his son that he was now living in Sacramento.

The passenger train from San Francisco was half an hour behind time in its arrival yesterday morning owing to the fact that Clara E., daughter of D. J. Simmons, brated her fifth birthday at the residence brated her fifth birthday at the residence of her parents, on Seventh street, between I and J, yesterday. During the afternoon upwards of one hundred of her little friends called and were entertained in the most admirable manner by the little hostess. They were furnished with all the amusement and delicacies that were obtainable. The orchestra of the Metropolitan Theater furnished music for the occasion, and the older folks present instituted games and dances. The little folks enjoyed themselves hugely, and the entertainment reminded one of hugely, and the entertainment reminded one of a fairy carnival. In the evening the parents of the little folks were entertained by Mr. Simmons and his wife. Dancing, toasting, recitations and speeches was the order of the evening, and the festivities lasted until a late hour. The Bric-a-Brac Club was received Friday evening by Mr. and Mrs. W. M. The earthquake of last Tuesday was the most serious in England for thirty-nine years. People felt it quite perceptibly in London. Some of the descriptions sound as if they had appeared in a San Francisco journal. One house was twisted on its journal. One house was twisted on its foundation, another was shattered from basement to roof. At least four church towers were thrown down at Colchester, where the shock was the greatest. Hundreds of people rushed screaming in the streets. The affair has been so serious that everybody has been uncomfortably meditating upon the possibilities of another, and the philosophical weekly journals speculate on the effect a constant recurrence would
